

## Andrew J. Friedrich

Federal Big Data & Analytic Solutions Leader

Andrews career spans more than two decades in the IT Industry, the majority of which has been spent in the Information Management, Analytics & Big Data technology areas. Having held executive positions at Acxiom, SRD, and Arkidata he has been with IBM since 2005 specializing in the dark side of Big Data. His current position is focused on designing mission based solutions for the Federal government with a focus on Healthcare and DOD, leveraging IBM's extensive portfolio of Big Data & Security Analytics.
