**Notes:**

<sup>1</sup>Agencies with 25 or less employees not shown on this report.

<sup>2</sup>Includes all balance due and potential nonfiler accounts, excluding accounts in installment agreement status

<sup>3</sup>Workforce data sources are the U.S. Office of Personnel Management (OPM) and Department of Defense, Defense Manpower Data Center.

<sup>4</sup>The *Delinquency Rate* is calculated by dividing the number of delinquent taxpayers by *Workforce*. Tax delinquency is defined as having a balance due and/or potential nonfiler account, excluding those accounts in installment agreement status. For small agencies, changes in the number of delinquent employees disproportionately affect the delinquency rate.

<sup>5</sup>Includes employees of federal agencies that do not submit workforce information to the OPM Central Personnel Data File. Generally includes employees of the legislative branch and security agencies. Data is obtained through an annual match of internal W-2 records, where available.

<sup>6</sup>The total civilian workforce and balance owed exceed the sum of the agencies shown because agencies with 25 or less employees, or no delinquent employees, are included.
