

## **AMBER WINTHERS**

Amber Winthers is an IT Cybersecurity Analyst for the Arapahoe County Government. Amber has received her Bachelor of Science in Business Technology, Marketing, and Business Management, as well as her Masters of Science in Information Assurance and Computer Security, and certifications including the Certified Information Security Manager (CISM). Over the last five years, Amber has provided cybersecurity expertise to a number of financial institutions, healthcare facilities, the federal government, NASA, and local governments. Her passion resides in empowering individuals to better protect the organization, prepare for cybersecurity threats, and create/manage 'people-centric' Information Security Programs.
