

Kate Mercer
Vice President
Booz Allen Hamilton

Kate Mercer is Vice President at Booz Allen Hamilton who leads Next Generation Data Solutions for Global Defense and Aerospace and leads our Dayton Ohio Office. She has more than 25 years of experience in IT System Modernization, Enterprise Data Management, Agile development, and System Implementation, Business Process Reengineering, and Strategic Planning. Her multi-disciplinary team delivers modern software development, solutions delivery platform (DevSecOps), infrastructure, cyber, enterprise data management, data platforms, systems modernization, cloud solutions, digital engineering, digital transformation, low code/no code solutions, BPM solutions, and Agile coaching.

In March 2019, Kate orchestrated an agreement with the State of Ohio through the JobsOhio program for Booz Allen in selecting Dayton as our next site for a digital hub. This initiative brings together the firm's DevSecOps capabilities, modern software development practices, and data management expertise to support Air Force objectives at the Wright-Patterson Air Force Base and beyond.

Kate was a founding Board Member for the Greater Ohio Valley Women in Defense (WID) Chapter, newly formed in 2013 with more than 250 members. She currently serves on the AFCEA Wright Chapter Board.

Prior to joining Booz Allen, Kate provided financial system analytics and working capital fund rate build consulting services for KPMG's Air Force clients. She holds bachelor's degrees in economics and English from Denison University and has her PMP certification.
