Multiple Access Points for Users

The screenshot shows the Unidescription web application interface. At the top, there's a navigation bar with a logo, a search bar, and a 'MENU' button. Below the navigation is a section titled 'activity' with a 'Project Progress:' bar at 100%. A 'Tip: Exporting' box contains text about previewing the app. At the bottom are four buttons: 'PREVIEW APP', 'DOWNLOAD TEXT EXPORT', 'DOWNLOAD HTML EXPORT', and 'CREATE APP'.

The screenshot shows the Denali National Park website. It features a banner with the park's name and a 'Quick Overview' section. Below this, there are sections for 'Braille Version' and 'Audio-Described Version', each with a list of links to different parts of the brochure.

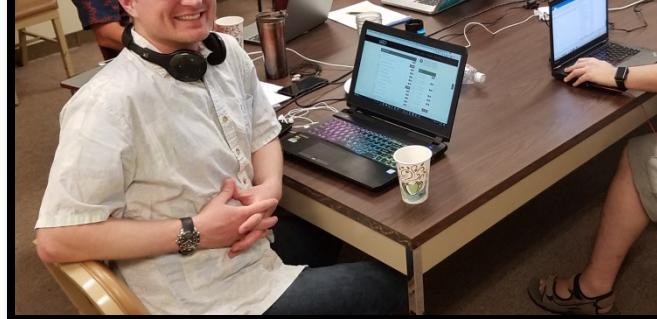

The screenshot shows a mobile device displaying the 'Quick Overview' of the Cape Cod National Seashore brochure. The screen includes a media control bar at the top, a title 'Selected track: Quick Overview', and a playback progress bar. Below the title, there's a 'Quick Overview *' section with a 'Description of Quick Overview' button. At the bottom, there are playback controls and a timer.
