

Chris Sewell, C.E.M., C.B.C.P.  
Facilities Division Manager | Public Works & Utilities  
City of Wichita  
[csewell@wichita.gov](mailto:csewell@wichita.gov)

Chris Sewell is the Facilities Division Manager for the City of Wichita, KS with more than 20 years' experience in the commercial construction and energy efficiency industry. He expanded his original role as the City's Energy Manager from utility and efficiency project management to include facility standard development and holistic lifecycle asset strategies. Certified in energy management, building commissioning and infrared thermography along with a business administration degree from Wichita State plus having ran an energy consulting business, he has a wide and deep knowledge base from which to serve the City's resource stewardship mission.
