

Beau Houser is the U.S. Small Business Administration's Chief Information Security Officer. Mr. Houser manages cybersecurity across the SBA financial and disaster assistance business lines in support of the U.S. small business community. Prior to joining SBA, Mr. Houser served as the Deputy CISO at the Centers for Medicare and Medicaid. He also fulfilled the role of Executive Director for Marketplace Security, which included cybersecurity responsibility for healthcare.gov. Mr. Houser was the Chief Security Engineer at Immigration and Customs Enforcement within the Department of Homeland Security. He also held several technical and cyber related positions in the intelligence community.

Mr. Houser holds a Master's degree in Cyber Systems and Operations from the Naval Postgraduate School and a Bachelor's Degree in Information Technology from Barry University. He is also a Certified Information Systems Security Professional with a concentration in Engineering.
