

Scott Beliveau

Scott Beliveau currently serves as co-Lead Product Owner of the United States Patent and Trademark Office's (USPTO) Enterprise Data and Analytics product, Director of Enterprise Data Architecture and Chief of Enterprise Advanced Analytics in the Office of the Chief Technology Officer in the Office of the CIO. Mr. Beliveau began his career at the USPTO in 2002 as an Examiner in the Interactive Video Distribution art area (725). With an eye towards empowering public innovation and improving USPTO operations, he co-founded the USPTO award winning data efforts delivering a data platform comprising one of the world's largest collections of open innovation spanning over 200 years. Mr. Beliveau's has constructively used USPTO data in a variety of ways including operational use of AI to achieve its mission at a lower cost, advanced analytics spanning disparate silos, and improvements in customer service through cognitive assistants. He continues to promote industry partnerships and public innovation to empower entrepreneurs to innovate and grow new opportunities.

Mr. Beliveau received his Bachelor of Science in Electrical Engineering from Brown University and his Masters of Business Administration from the University of Rhode Island. He lives in Alexandria VA, with his wife Rachel, his son Sam, and his loyal greyhound Fiona.
