

Biography for Camille Tuutti

Camille Tuutti is a principal writer and author with the Tech Writers Bureau. She is the former executive editor of Nextgov and now a writer for Government Executive Media Group's Studio 2G, where she leverages her 12+ years in the federal IT space to create content for the world's biggest tech companies. Prior to that, Camille was the editor-in-chief of GovernmentCIO Media and also held senior roles at Fedscoop and FCW.

She's a frequent moderator at tech events and she especially enjoys talking about emerging technologies and their impact on society. Camille began her D.C. journalism career covering government contracting as well as federal policy and cybersecurity.
