

Glenn Jones serves as the Activity Command Information Officer (ACIO) and Information Technology Division Director at the Department of Navy, Naval Sea Systems Command Naval Surface Warfare Center Dahlgren Division (NSWCDD) located in Dahlgren, Virginia. Jones has over 30 years of federal government service and has served as IT Manager at nine different federal agencies within the Departments of Agriculture and Homeland Security and the Department of Defense. This vast wealth of experience involved serving as IT Program Manager within the Department of Agriculture, managing delivery of IT services in disaster situations while working for the Federal Emergency Management Agency, and as IT Customer Solutions Manager within the ultra-secure, highly critical “no-fail” mission of the United States Secret Service. As the current NSWCDD IT Director/ACIO, Jones delivers strategic vision, leadership, management and oversight of the entire NSWCDD IT ecosystem comprising highly complex research and development networks designed to deliver next-generation technology to the warfighter. Jones is committed to delivering cutting edge IT solutions designed to revolutionize the end-user IT experience.
