

Sanjay Gupta joined the U.S. Small Business Administration in January 2017 as Chief Technology Officer from the private sector. Sanjay is a business driven, results oriented leader, adept at leveraging technology to innovate and deliver results quickly. He brings to SBA an exclusive combination of experiences as a CIO (Heidrick & Struggles, International Code Council, World Book), as a Managing Partner Consulting (Gartner), and as an Adjunct Research Analyst (IDC).

Throughout his career, Sanjay has led business/IT transformations across industries. He brings extensive global experience across industries in areas such as IT Strategy, Innovation, Digital Transformation, Architecture, Cloud, Mobile, Strategic Sourcing, Vendor Management, Contracting, Cybersecurity, Agile Development and Open Source.

Sanjay has authored over 20 research white papers focused on advice and guidance for CIOs/Boards. In addition, he is also a judge on the CIO 100 annual awards judging panel and the ACT-IAC Innovation awards judging panel.
