Sean Murphy, Sr. Director, Sales Engineering, U.S. Public Sector

Sean Murphy leads Mandiant's U.S. Public Sector Sales Engineering team. Sean brings nearly 20 years of experience in Cyber Security and the as-a-service industry, helping clients reimaginge security to leverage innovative technology, unmatched intelligence, and extensive expertise. He spent over 10 years at a leading managed security service provider prior to joining Mandiant in 2015. Sean is also the global pre-sales community lead for Mandiant-as-a-Service.
