

**Jen Combs**

Managing Director and Security Practice Lead

*Accenture Federal Services*

Jen Combs is responsible for defining and executing the cyber security strategy, tailoring offerings for federal, overseeing cyber sales, solutions, and delivery efforts, and helping develop and retain security talent.

Ms. Combs has been with Accenture and Accenture Federal Services for 18 years and brings expertise in implementing and leading Identity and Access Management programs, risk and security organizations, and “full architecture” security technologies. She rejoins Accenture Federal Services from Accenture, LLP. where she served as Security Managing Director for Healthcare and U.S. State, Provincial, and Local practice work.
