

**Maj. Gen. Jennifer Napper, U.S. Army, Retired
Vice President, Army and Cyber Programs
Perspecta Inc.**

Jennifer Napper, vice president of Army and cyber programs in Perspecta's defense group, is responsible for leading the teams that support the company's U.S. Army and cyber accounts. She brings a wealth of military experience to this position having served as director of cybersecurity plans and policy for the U.S. Department of Defense Cyber Command. In this role she developed long-term campaign plans, strategy and policy while working within the inter-agency on National Policy for Cyberspace.

During her active duty career, she also led the U.S. Army's Network Enterprise Technology Command, and she commanded the 7th Signal Command, the Army's premiere telecommunications unit for which she oversaw delivery of capabilities in 22 countries and established information assurance policies.

Napper's history of supplying cost-effective, performance-driven solutions has consistently exceeded expectations. She was named a Fed 100 winner in 2013, an award that recognizes those who have made significant contributions in federal IT. She also serves on the executive committee of the Armed Forces Communications and Electronics Association.

Napper holds a bachelor's degree from Texas A&M University, a master's in military arts and studies from the Army Command and General Staff College and a master's in strategic studies from the U.S. Army War College.
