

**Colin Campbell**, Chief Executive Officer and Principal Consultant

Colin Campbell is CEO and Principal Architect at Stratosphere Consulting. After receiving his MS in Computer Science in 2002, he began a career with Visa, developing the core engine of the *Resolve Online* global disputes management application. After working with outdoor retailer [L.L. Bean](#) and fleet services credit provider [WEX](#), he joined Pegasystems Professional Services in the summer of 2010 obtaining the CLSA designation and building the foundation of the Center of Excellence at American Express.

In 2014, after a year away from Pega, Colin founded [Stratosphere Consulting](#) and began advising the State of Maine on the development of their own COE and multiple Certification and Licensing for Government applications such as LEEDS and BPC. He is currently advising the California Department of Public Health on the development of their own Certification and Licensing COE.
