

Stefanie Costa Leabo, Interim Chief Data Officer for the City of Boston

Stefanie is the interim Chief Data Officer for the City of Boston. In that capacity she leads the City's Analytics Team. Her team's mission is to improve the lives of people who live and work in Boston through the use of data. Stefanie has been part of the Analytics Team since 2015, and in her time with the City of Boston, she has led the development and release of Mayor Walsh's [CityScore initiative](#) and facilitated the launch of Boston's [Community Assistance Team](#) pilot program. Formerly a senior analyst for the City of Somerville's SomerStat department, she is experienced in using data to drive performance and process improvements in municipal government.

Born and raised in Massachusetts, Stefanie is a graduate of UMass Amherst with B.A.s in Political Science and History. She earned an M.A. in Political Science from George Washington University.
