

FedRAMP Pricing Guidelines: Updated July 2023

This material is offered only as a guideline, not as a quote. Pricing shown here is for reference only, and may be changed at any time. A well-planned FedRAMP project is essential. There is some level of complexity in authorization, regardless of whether it is through a Federal agency sponsor, FedRAMP Ready, or Joint Authorization Board (JAB). Quzara advises FedRAMP Authorization applicants to carefully plan their Federal program plan, including their pricing, project roadmap, and go-to-market strategy.
