

Jay Sunny Bajaj founded DMI in 2002 with the vision to create a global leader in innovative, next-generation technology solutions. Sunny has since led DMI from a humble startup to become the expansive, worldwide organization it is today, with hundreds of clients and thousands of employees.

Sunny is a proven leader and committed to helping clients around the globe achieve high performance in digital business. He has repeatedly been recognized as an award-winning culture builder and Smart100 CEO winner, an exclusive group of 100 top-performing and highly respected CEOs in the Washington, D.C. metropolitan region as well as an Honoree in the Montgomery County Business Hall of Fame.

Over the past 20 years and through over 10 acquisitions, Sunny has successfully built a respected, fast-growth business that is pioneering digital, mobile-first transformation for public sector and commercial enterprises around the world. DMI has received numerous awards for both rapid growth and corporate excellence, including being named a 10-time winner on the Inc 5000 list of fastest growing private companies in America, GovCon Government Contractor of the Year, and a Washington Post Top Workplace for the past eight years.
