TERRY L. KALKA

Terry Kalka is the Chief of Mission Support for the Department of Defense (DoD) Cyber Crime Center (DC3)/DoD-Defense Industrial Base (DIB) Collaborative Information Sharing Environment (DCISE). Mr. Kalka is responsible for cybersecurity-focused engagement and collaboration opportunities for a DIB Partnership consisting of over 640 cleared defense contractors. He also leads a continual process improvement program, under which DCISE achieved Capability Maturity Model Integration for Services (CMMI-SVC) Level III certification. Mr. Kalka drove improvements and innovations that resulted in increased event attendance and attendee satisfaction.

Before joining DCISE, Mr. Kalka held a variety of Information Technology/Cyber positions within the US Army Communications-Electronics Command (CECOM), culminating in an assignment as the Senior Cyber Professional Advisor to the Commanding General.

Prior to entering public service, Mr. Kalka worked for New Horizons Computer Learning Center, providing beginning, intermediate, and advanced technology instruction to corporate clients and state, local, and federal government personnel.

Mr. Kalka lives in Maryland with one great wife, two great kids, and spends his limited spare time as an unprofessional musician.
