Tony Cossa
Public Sector Chief Technology Officer
Snowflake

Tony Cossa, Public Sector Chief Technology Officer for Snowflake, has a strong track record in public sector data strategy, transformation, modernization, program management, customer experience, and cloud technologies. Cossa joined Snowflake from Oracle, where he was Director, Product Management/Strategy for Oracle Cloud Infrastructure (OCI,) supporting global public sector customers. Prior to Oracle, he spent 15 years in various public servant roles, including at United States Department of Agriculture (USDA) where he focused on organizational change, formalizing a CTO role, modernization, customer experience, and cloud strategy as the Chief Technology Officer and as the Cloud Strategy Director. Cossa also held several positions at GSA (FAS CTO, E-Gov Travel Exec Program Director) and at DHS under the CFO driving transformation initiatives.
